

## South East Bay Pediatric Medical Group

2191 MOWRY AVENUE, SUITE 600-C  
FREMONT, CA 94538

Dear Parents,

If you are getting this email, we are excited to announce that your 5-11 year old child is now eligible to get the Covid-19 vaccine.

### **PLEASE READ THE FOLLOWING INSTRUCTION CAREFULLY:**

- The best way to make an appointment for your child is to email us at [southeastbaypediatric@sebpmg.com](mailto:southeastbaypediatric@sebpmg.com) for an appointment request with 2 to 3 potential dates. We will be responding to these emails by the timestamp order they were received within 24-48 hours.
- Please **do not** call our office for a Covid-19 vaccine appointment.
- If you already have an appointment (physical, flu clinic) scheduled and you would like to get the Covid-19 vaccine at that time, please email our office and let us know **BEFORE** your appointment so that we can plan to give the vaccine.
- The Pfizer-BioNTech vaccine is the only brand currently authorized for ages 5 to 11.
- The vaccine is given in 2 doses, 3 weeks apart. We will schedule the second dose when you receive your first vaccine.

While we are trying to vaccinate as many of our patients as quickly as possible; we expect demand for the vaccine to be high in the first couple of weeks. If you are not able to schedule an appointment as quickly as you would like, please check [myturn.ca.gov](https://myturn.ca.gov) to see if there are available appointments in nearby locations like CVS.

We are looking forward to vaccinating our community and conquering this pandemic together.

South East Bay Pediatric Team
